2022-2023
Radiography
(RADI)
Admission Packet
for Fall 2022 Program

Deadline — May 20, 2022
Application available January 18

Kellogg Community College 's Radiography Program consists of classroom lecture and supervised clinical experience. The program's extensive clinical experiences require the time commitment of a full-time student. Successful completion of the program leads to eligibility to take the national certification examination of American Registry of Radiologic Technologists.

This is a competitive point-based admission process. Points are awarded for grades in coursework, ACT/SAT scores and degrees earned.

All students **must** complete a KCC General Application and have met **all** admissions requirements prior to applying to the RADI program.

To apply for the RADI program, go to kellogg.edu/radiography-admissions.

Be sure to see IMPORTANT NOTES on the back

IMPORTANT NOTES:

- Future employers may require a proof of high school or GED completion as an employment requirement.

- Meet early and often with an Academic Advisor after completing KCC's General Application and submitting college transcripts and ACT/SAT scores, but prior to submitting the RADI application, to review course specific requirements and transfer equivalencies.

- Transfer transcripts should be on file and evaluated by KCC's Registrar's office before meeting with an Academic Advisor to get the most out of your appointment. Please note that it can take a maximum of two weeks for in-state transcripts and four weeks for out-of-state transcripts to be evaluated.

- Although ACT/SAT scores are not an admission requirement for the Radiography program, please note that, in lieu of a college degree with a 2.5 GPA or higher, points are awarded for ACT/SAT composite scores of 13 and higher (see Section B of the points sheet).

- Students accepted into the RADI program are required to undergo a physical examination, immunizations, a drug screen, and a criminal background check. Individuals may obtain a preliminary determination from the state of Michigan Department of Licensing and Regulatory Affairs (LARA) concerning whether any court judgments against him or her would likely result in a denial of a license. The form to request this preliminary determination can be found by going to www.michigan.gov/documents/lara/PHC_Predetermination_form_651538_7.pdf.
