

# COMMUNITY INTEGRATED PARAMEDICINE

The Community Integrated Paramedicine course at Kellogg Community College will improve access to health care in rural and remote communities by expanding the role of qualified paramedics.

## WHY KCC

The Community Integrated Paramedic program is intended for licensed paramedics interested in serving their communities in an expanded role as a Community Paramedic. Benefits of this state-approved hybrid course:

- Combines online and in-person training to accommodate schedules
- Hands-on Point-of-Care training in i-STAT, Piccolo, and Ultrasound
- Mobile training unit and ability to host labs/sims throughout the State
- 80 hours of specialized clinical training
- Eligibility to take the Internal Board of Specialty Certification (IBSC) exam
