  - FAFSA - while the KCC Foundation does not require a FAFSA to complete the application, it is highly encouraged to complete one, even if you will not receive any aid from the Department of Education.
    - A decline letter from FAFSA may prove your financial need in some instances.
  - List of awards and achievements
    - This will help you to remember what you have earned over the years.

    - This means your parents and your income – there is a question about household income on the application. The more information you can provide the better.
  - Resumé
    - We are not asking for a resumé for this application, however there are questions that pertain to a resumé that can be easily answered with your resumé handy.
