

Kellogg Community College
Continuing Education Lesson Plan

Topic: IV Therapy

Presenter: Accreditation Approved Kellogg Community College EMS Instructor

Date: Accreditation 2018 - 2021

Credit Category: Preparatory
Specific Topic: IV Therapy
License Level: EMT – Specialist, Paramedic
Time: One Hour, Two Hours, Three Hours, Four Hours
Credits: 1 2 3 4

Format: Lecture and or Practical
May use PowerPoint presentation and Practical component
(E.g. 2 hour lecture or 2 hour practical or 1 hour lecture 1 hour Practical)

Objectives: The participant of the CE session will:

1. Review anatomy on location of veins
2. Review IV solutions and proper uses
3. Review indications for the use of IV's, and Saline Locks
4. Review technique and proper steps for starting IV's

Outline for Lecture and Practical Presentation:

- I. Introductions, paperwork, Agenda
- II. Anatomy review, May use PowerPoint Presentation
- III. IV solution renewal, and indications of patient need for an IV
- IV. Equipment orientation, and introduction to the latest equipment
- V. For practical portion include scenarios
- VI. For practical portion include starting IV's on manikins
- VII. Summary and Questions

Student Evaluation Method:

No formal evaluation of participants will occur, however, Instructor may have participants use the National Registry Sheets for proper sequence of steps.

Evaluation of Presentation:

Standard Kellogg Community College Evaluation form will be filled out by participants

Rationale for Presentation:

To maintain the knowledge of the anatomy location for venous punctures, and to review indications, and proper steps for starting IV's, to also use as a tool if Medical Control notices a corrective action needed in starting IV's.
