

# FAT BEAR WEEK 2023

—Students vs. Staff to choose the Biggest Bruin!—

Katmai National Park & Reserve hosts Fat Bear Week each year and invites the public to determine which of their resident bears has most successfully prepared for winter by packing on the pounds! A Bruin is another word for bear, and at KCC, the Bruin is our official mascot, so of COURSE we must let our roars be heard!

To join the fun, fill out the bracket, turn into Student Life (in person or [studentlife@kellogg.edu](mailto:studentlife@kellogg.edu)), then check in each day to see which bruins are leading the competition. You can learn more about the bears at [www.explore.org/fat-bear-week](http://www.explore.org/fat-bear-week). You can watch the friendly KCC competition by following Student Life on social media:
