**Finished! Total credits: 36-40**

### IMPORTANT NOTES:

Students should seek an appointment with an Academic Advisor to determine courses which best meet individual academic goals and to discuss transfer options including verification of courses towards the completion of the Michigan Transfer Agreement (MTA). Students must complete a minimum of 60 credits in approved courses to earn a degree at Kellogg Community College with a minimum cumulative grade point average of 2.0 or higher. Contact Academic Advising at [kellogg.edu/advising](http://kellogg.edu/advising) or call **269-965-4124**.

Academic Department Contact Information: Contact the Nursing Program at **269-565-2007**, for more information.

### ALLIED HEALTH AND NURSING PROGRAMS REQUIRE FORMAL PROGRAM ADMISSIONS AND APPROVAL FROM THE DEPARTMENT.

**NOTE 1:** Students who do not meet the prerequisite for BIOL 201 and elect to complete BIOL 201C will be required to take it as a corequisite, at the same time as BIOL 201.

**NOTE 2:** This course is required towards a License in Practical Nursing Certificate. The Nursing Program recommends this course be completed prior to nursing coursework; however, it may be taken in conjunction with Nursing coursework.

**NOTE 3:** All Nursing coursework, and general education courses, must be completed with a grade of "C" or higher to progress in the program and meet graduation requirements.

**NOTE 4:** Students formally accepted to participate in Allied Health, Emergency Medical Services, or Nursing programs are required to comply with clinical access requirements prior to, and potentially during clinical education placement in a hospital, outpatient clinic, or other clinical education providers. The Program's Director or Coordinator will provide students with detailed direction and timeline for completing all clinical access requirements. Students are required to undergo a physical examination, immunizations, a drug screen, and criminal background check. For more information, contact the Nursing Department or refer to the Academic Catalog.

This map represents a recommended sequence.
