

Benefits

- **Free tuition:** College tuition is free for dual enrolled high school students.
- **College credits:** Dual enrolled students get ahead by earning college credits when still in high school.
- **Graduate faster:** Dual enrollment shortens the path from high school graduation to a college degree.
- **More course options:** Community colleges often offer a wider range of course options than high schools, giving students the opportunity to explore different fields and interests.
- **Access to resources:** Dual enrollment students have access to college resources including libraries, computer labs and academic advising, providing additional support for their education.
- **A competitive advantage:** Dual enrollment can provide a competitive advantage for college admissions, as it shows that students are capable of handling college-level coursework.

KCC

DUAL ENROLLMENT

About Dual Enrollment

Dual enrollment is when a high school student takes college classes at KCC while they are still in high school. They will attend some classes at their high school and others at KCC. If you're interested in dual enrollment, talk to your high school counselor today for more information.
